TRUCK WASH

FOAMING SOAP

TRUCK WASH is effective for washing the interior and exterior of the vehicle while leaving a very shiny finish. It contains a pearling agent that facilitates washing, long-term maintenance and even allows you to avoid wiping the vehicle if washed in a non-sunny area.

TRUCK WASH can be used with a pressure washer. For best results, avoid washing in direct sunlight. Rinse the vehicle with warm water to remove light dirt.

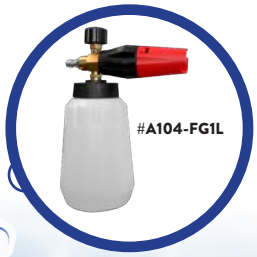

Pour 80 ml of foaming soap into 4 liters of water. Mix well. Apply the solution to a cold surface using a sponge or cloth, working from top to bottom. Rinse thoroughly and allow to dry.

*MSDS and Technical sheets available

ULTRA WASH
ULTRA FOAMING SOAP

#104-UFS4L

ULTRA WASH is efficient to wash the interior and the exterior of the vehicle while leaving a high gloss finish.

ULTRA WASH contains a pearling agent which helps washing, long-term maintenance and even permits avoiding to wipe the vehicle if washed out of sunlight.

ULTRA WASH can be used with a pressure washer. For best results, avoid washing in direct sunlight. Pour 80 ml of foaming soap into 4 liters of water. Mix well. Apply the solution to a cold surface using a sponge or cloth, working from top to bottom. Rinse thoroughly and allow to dry.

NSC

NO CONTACT CLEANER

#104-NSC4L

NSC is a versatile cleaner made to answer a great variety of tasks.

While formulated mainly for vehicle fleets, NSC works on many more surfaces. It is recommended to clean equipment and structures in food plants, farms and in the industrial field.

Dilution

10-1: Aggressive Wash

25-1: Normal Wash

50-1: Gentle Wash

WATERLESS

TRUCK WASH

#104-WL4L

WATERLESS cleans, shines, and protects all surfaces: Automobiles, trucks, motorcycles, boats, glass, chrome, vinyl, and trim.

WATERLESS is biodegradable. Its formula removes dirt and leaves a shiny, protective layer.

Use our microfiber cloths for optimal performance!

***MSDS and Technical sheets available**

AVAILABLE FORMATS:

1L: #104-WL1L | 4L: #104-WL4L | 20L: #104-WL20L

EXPRESS SHINE

LIQUID SPEED WAX

#104-LSW4L

EXPRESS SHINE protects from sunlight and with a simple circular movement, this speed wax will reduce your work time.

EXPRESS SHINE gives a gloss finish. Use it weekly to keep the gloss on the vehicle.

Shake well and use directly onto the surface to polish. Use a clean microfiber cloth for an ultra gloss finish. Do not use in direct sunlight.

Use our microfiber cloths for optimal performance!

BLUE HOT
GREASE REMOVER

#104-GR4L

BLUE HOT is an all-purpose super powerful cleaner that cleans oily stains and heavily soiled areas. It is **very effective** when the water is hard.

Very effective at dissolving rust on surfaces.

Dilution

- 4-1: Oil stains, heavy greasy dirt, washing basins, machinery engines and tools.
- 8-1: Soap scrum.
- 30-1: Paint, vinyl, leather and plastic.

*MSDS and Technical sheets available

AVAILABLE FORMATS:

BUG, TAR & BRAKE DUST

REMOVER CLEANER

#104-RC4L

BUG, TAR & BRAKE DUST removes dried splatter spots left by bugs. It removes bugs on all automotive surfaces. The product disolves and removes tar on the car body, and cleans wheel rims without damaging them.

BUG, TAR & BRAKE DUST is safe on clear coat finishes, paint and chrome. Do not spray directly on automotive headlamps, spray a cloth and wipe.

BUG, TAR & BRAKE DUST is a product without acid.

Use our microfiber cloths for optimal performance!

*MSDS and Technical sheets available

AVAILABLE FORMATS:

1L: #104-RC1L

4L: #104-RC4L

205L: #104-RC205L

1000L: #104-RC1000L

ALINOX

POWERFUL ACID CLEANER FOR ALUMINIUM & STAINLESS STEEL

#104-PAC4L

ALINOX removes scale and aluminium oxide from surfaces that gives it a bright new aspect to the material which brings back its original brilliance without whitening them.

ALINOX also removes rust stains on plastic, aluminium and stainless steel surfaces and on chrome, including soot grout on exhaust pipes.

ALINOX can also be applied with a foamy gun and the dilution is about 2 to 5%. **ALINOX** can also be applied with a sponge, a cloth or a soft brush.

Use our multi-angle brush for optimal performance!

*** MSDS and Technical sheets available**

AVAILABLE FORMATS:

1L: #104-PAC1L 4L: #104-PAC4L 20L: #104-PAC20L 205L: #104-PAC205L 1000L: #104-PAC1000L

ALINOX-PLUS

ORGANIC, NATURAL AND ECOLOGICAL ACID

ALINOX-PLUS is a concentrated citric acid solution that reduces bacterial growth.

ALINOX-PLUS is used in the food and agricultural industries. It can be applied to beef, pork, and poultry carcasses. The product removes mineral deposits such as scale and lime. It is very safe as a passivation agent for stainless steel equipment.

ALINOX-PLUS can be used for cleaning-in-place (CIP). This product can be applied with a sponge, a cloth, or a soft brush.

Use our multi-angle brush for optimal performance!

*MSDS and Technical sheets available

#104-PACPLUS4L

AVAILABLE FORMATS:

1L: #104-PACPLUS1L 4L: #104-PACPLUS4L 20L: #104-PACPLUS20L 205L: #104-PACPLUS205L 1000L: #104-PACPLUS1000L

ALINOX-BRILLANCE

FOAMING ACID CLEANER

#104-PABR4L

CAUTION - VERY HIGH CONCENTRATION ACID
Using a concentrated acid on aluminium causes a significant chemical reaction. This may technically remove oxidation and "whitten" the surface.

For surface treatment and general cleaning
Mix with potable water. Apply by immersion or spraying.
1% to 5% (10 to 50 ml/L). 5-15 minutes, do not allow to dry.
Rinse with potable water.

Shock Treatment
Mix with potable water. Apply by immersion or spraying.
10% to 20% (100 to 200 ml/L). 5-15 minutes, do not allow to dry.
Rinse with potable water.

ALINOX-BRILLANCE is a concentrated product designed for cleaning aluminium, copper, iron, bronze, and stainless steel. This product restores their original finish. It is a product based on inorganic acids and very powerful detergents. It allows for fast and effective cleaning. It delays the oxidation of aluminium.

Use our multi-angle brush for optimal performance!

***MSDS and Technical sheets available**

AVAILABLE FORMATS:

1L: #104-PABR1L | 4L: #104-PABR4L | 20L: #104-PABR20L | 205L: #104-PABR205L

ALIMNET

DISINFECTING CLEANER

#104-DC4L

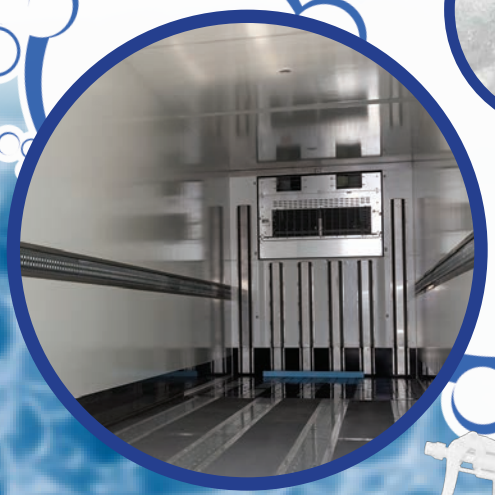

ALIMNET is a product that cleans and disinfects. More effective in hard water up to 400 ppm hardness (calculated as CaC03) in the presence of 5% serum contamination. This product contains no phosphates, no phosphorous compounds, no nonyl phenol or octyl phenol based surfactants.

ALIMNET delivers non-aid disinfectant and cleaning performance in an economical dilutable formula; it cleans, disinfects, and deoderizes in one labor saving step.

ALIMNET can be used with foaming equipments, high pressure systems, sponge or by soaking. For use in food vehicles as a food contact sanitizer on all surfaces not requiring a rinse, it is non corrosive on aluminium and other soft metals.

Use our multi-angle brush for optimal performance!

*MSDS and Technical sheets available

AVAILABLE FORMATS:

1L: #104-DC1L

4L: #104-DC4L

20L: #104-DC20L

205L: #104-DC205L

DIASPHALT-PLUS

TAR & BITUMEN REMOVER CLEANER

#104-DSPP4L

DIASPHALT-PLUS cleans and dissolves stains safely on surfaces. This product is excellent for asphalt paving equipment.

DIASPHALT-PLUS dissolves and removes tar and bitumen on the car body. It cleans all types of equipment used for asphalt paving (machines, tools, ect). DIASPHALT-PLUS is safe on clear coat finishes, paint and chrome.

After applying DIASPHALT-PLUS, bitumen or tar can be removed with a spatula or with a water jet.

***MSDS and Technical sheets available**

AVAILABLE FORMATS:

1L: #104-DSPP1L 4L: #104-DSPP4L 20L: #104-DSPP20L 205L: #104-DSPP205L

TRUCK'IN CLEAN

STAIN REMOVER

#104-SR250ML

TRUCK'IN CLEAN is a citrus based product formulated without solvents or petrochemicals which damage the fibers over time. It removes all kinds of stains (ink, blood, oil, food, grass, etc.)

TRUCK'IN CLEAN is very gentle and safe for all types of fabric. Use the product with water (either by adding some on the stain or by soaking) to activate the formula and avoid any marks.

For best results, spray directly on the stain, wet with water and wait a few minutes. Rinse with a damp cloth. For laundry, apply on the stain and wash as usual. Do not use on wool or silk.

*MSDS and Technical sheets available

AVAILABLE FORMATS:

250ML: #104-SR250ML

1L: #104-SR1L

WATERLESS

INDUSTRIAL HAND SOAP

WATERLESS is a hand soap that quickly dissolves grease, rust and other dirt.

To use WATERLESS, rub your hands with the product until dirt or grease is dissolved. Wipe with a dry cloth.

Use our microfiber cloths for optimal performance!

***MSDS and Technical sheets available**

RUSTY'S

LOOSE NUTS & BOLTS

RUSTY'S penetrates and releases the rusted, wedged and frozen parts. Its lubricating properties ensure the constant operation of the parts released while avoiding attracting dust or dirtiness after the application.

Apply RUSTY'S on the corroded part, let it work for a few moments and then dismantle the part. The product is non-abrassive, but may irritate sensitive skin. Very good performance for dissolving stubborn glues.

***MSDS and Technical sheets available**

AVAILABLE FORMATS:

250ML: #104-LN250ML **1L: #104-LN1L**

ACCESSORIES

MULTI-ANGLE BRUSH

#A104-B11BL

A professional-quality, 11-inch wide brush with soft bristles. Use in conjunction with our telescopic handles and is chemical-resistant.

To keep it in good condition, rinse regularly and let it air dry. Do not let the brush rest on the bristles for long periods.

MICROFIBRE TOWELS

#104-MF16X16K

Microfiber car cleaning towels, excellent for vehicle bodies, stainless steel, chrome, windows, and vehicle interiors. Can be used wet or dry.

Dimensions: 16”x16” **Thickness: 350 gsm** **Packet: 10 towels, 5 orange - 5 blue**
